#CONVERSION KITS

Welcome to Abarth empowerment. Within 1 year of registration or 12,000 miles on the road, let your passions run wild!

Abarth Conversion Kits represent the full embodiment of the Abarth spirit. Designed by Abarth engineers to give the car's characteristics a boost that makes it unmistakable, they take all the grit, performance and style of the brand to the road. The official Kits are fully type-approved and ensure total reliability in every situation: that's why the real fun begins when you take them to the limit!

ENGINE PERFORMANCE KIT: HOW FAR DO YOU INTEND TO PUSH YOURSELF?

code 5743813 MATT BLACK RIM/RED CALIPER - code 5744626 YELLOW CALIPERS/MAGNESIUM WHEELS
code 5743801 MAGNESIUM RIM/RED CALIPER (check with your dealer the power upgrade that fits your Abarth 500)

Ask the most of your Abarth: you can have a more powerful engine, more aggressive steering and exceptional performance in all driving conditions. The performance kit employs a remapping for the engine control unit and a high-performance BMC filter. Tuning does not affect the manufacturer's warranty if carried out within one year of registration or 12,000 miles on the road.

BRAKE KIT: WHY STOP NOW?

code 5744619 RED - code 5744633 YELLOW - code 5744634 GREY (check with your dealer the power upgrade that fits your Abarth 500)

Prompt, decisive braking is important both on the track and on everyday roads. Abarth braking system tuning allows the heat from braking to dissipate more quickly, improving the car's reactivity when stopping. This is thanks to the use of elements derived from racing: for example, the high-performance brake pads combined with front perforated and ventilated discs or with floating disc and oversized calipers which assist the realignment of the pad with the braking surface of the disc.

EXHAUST SYSTEM KIT: RECORD MONZA AND RECORD MODENA.

code 59107069

What makes an Abarth truly unique? Its sound: powerful and aggressive. The Record Monza and Record Modena range starts from this idea: a series of top-performance silencers boasting a captivating design. Based on Dual Mode technology, they are able to enhance the engine's sound at over 3000 rpm.

SUSPENSION KIT: YOU KNOW WHAT IT MEANS!

code 5744630

True drivers know how important the suspension is. The car's reactivity, steering precision, road holding and driving comfort depend on it. Abarth tuning takes these characteristics to the highest levels: it adopts front and rear KONI shock absorbers with FSD (Frequency Selective Damping) valve, which permits optimum operation on all terrain, all of which is combined with specific lowered springs.

#ABARTH 595 50TH ANNIVERSARY CAPSULE COLLECTION

Nata per celebrare il lancio della nuova **Abarth 595**, la **Capsule Collection Abarth 595** coglie l'anima della vettura nelle sue linee essenziali e nei dettagli ricercati.

MONTANTE BICYCLE
code 59230470(S) - 585(M) - 586(L)

The bicycle developed together with Montante, an icon of Italian design, demonstrates care and attention to detail. For example, there's the serial number stamped on the frame, complete with a personal card bearing the owner's details, essential for tracing the bicycle. The pearl white and bright red of this model, of which only 50 were made, are a tribute to the car, also celebrated with the historical Abarth logo on the front and fork. The bicycle is available in three frame sizes: S, M and L.

BRM WATCHES
Available at BRM sales outlets

Sportiness, design, character and high technology are the values that characterise the collaboration between Abarth and BRM. Only 50 automatic chronographs with Swiss ETA Valjoux 7753 mechanism have been produced, which celebrate the Abarth 595 50th Anniversary through the distinctive colours, red and white.

ITALIA INDEPENDENT SUNGLASSES
code 59230180

The partnership between the Abarth brand and Italia Independent continues. The 090 sunglasses, top-of-the-range model from the I-I brand, come in a limited "Tribute To Abarth 595" edition. An exclusive line with three-layer paintwork similar to that of the car, red band on the temples and mirror lenses.

595 SPORTSWEAR

A mini collection of sweatshirts, T-shirts and polo shirts for Abarth fans. The off-white colour conveys lightness and elegance, while the red velvet inserts emphasise the sporty character. The historic "Abarth campioni del mondo" ("world champions") logo is made up of canvas patches and the Fiat Abarth 595 logo is embroidered in yarn.
