TRAVEL & LEISURE

Because we're all different it's inevitable that our lifestyles will make differing demands on our vehicles.

To make the most of the compact dimensions and fun persona of the Jimny, we have developed a range of solutions to meet your transportation needs.

We can offer a high-quality tow-bar, roof rack, roof box and many other carrying modules. For those who want to turn to pedal-power when the road finally ends, we can offer bicycle-carrying systems for both roof and tow-bar mounting.

After all, if you need it, why not take it with you?

INTERIOR PERSONALISATION

The stylish interior of the Jimny is a great place to spend some of your valuable time.

Comfortable and practical as the Jimny interior definitely is, we know that some of you will want to add your personal touches.

For owners that like to keep the great outdoors just where it is, we have everything from deluxe carpet mats to tailored sunshade sets. For those of a more adventurous disposition, we can offer rubber mats, load-liners, and a dog guard.

But if you're really determined to get away from it all, our portable satellite-navigation will ensure that you can also find your way back again. What's more, with built-in hands-free 'phone connectivity via Bluetooth, you'll also be able to keep in touch using your sat-nav unit.

And we haven't forgotten your audio pleasure. We have developed an iPod® interface to allow you to connect your iPod to the original Jimny audio unit via a handy connector for installation into the glove-box. So now you can even take your favourite tunes with you wherever you roam.
