DUAL SOUL.

Jeep® and Mopar® understand that style and adventure are extremely personal and they also know how important it is to make sure they coexist in perfect harmony. The complete range of authentic accessories for Jeep® Renegade are created specifically to turn heads in the city and make a splash on the trail.

## **JEEP® PERFORMANCE PARTS**

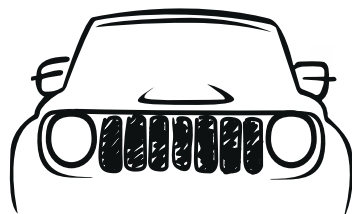

Jeep® and performance have always gone hand-in-hand and thanks to Mopar®, with its authentic OEM (Original Equipment Manufacturer) parts, you can be sure that your Jeep® will dominate whenever nature calls. Nobody creates off-road parts and accessories for your Jeep® Renegade like Mopar because it has been by the side of Jeep® and FCA throughout the whole testing process. So it makes sense that together they bring you only the best of the best, with parts that are made to fit, from the very beginning. Now take a deep breath and enjoy the freedom that comes with feeling 100% positive that you have what it takes to get to the finish line.

## **CUSTOM SHOP**

Jeep® has always been a brand for real individuals. The brand's history of going off the beaten path, both on and off the road, is a testament to the strong culture and uniqueness it has built over the years. Thanks to the Mopar® Custom Shop a number of selected accessories are factory installed at the same factories where your Jeep Renegade is built, with the same high quality standards. This is why it's possible to order your Jeep® Renegade the way you want it and have it arrive at your retailer already customised and ready to go. Take advantage of the Jeep® and Mopar partnership by choosing the authentic accessories of the Mopar Custom Shop during the configuration of your Jeep® Renegade. They will make your car "one of one" before you even drive it home.

A photograph of a city street scene. In the foreground, there is a dark, textured asphalt road with a large, dark shadow cast across it. A low wooden curb runs horizontally across the middle ground. Behind the curb, there is a green, sloped roof structure, possibly a rooftop garden or a modern building feature. In the background, several tall, modern skyscrapers with glass and steel facades rise into the sky. The sky is a pale, overcast blue. The overall tone is urban and modern.
