# GEN 3

## GLASSCOAT PAINT AND FABRIC PROTECTION

Suzuki Gen-3 Glasscoat helps protect your pride and joy from whatever the roads and weather throw at it. Using technology developed by NASA, it forms a protective barrier over your paintwork to keep it looking newer for longer. And if it's good enough for a space shuttle, it'll be perfect for your Suzuki.

### What is Suzuki Gen-3 Glasscoat paint protection?

- A form of 'Liquid Glass' coating applied to exterior surfaces
- Hardens to form an impervious ceramic coating for ultimate protection.

### How does Suzuki Gen-3 paint protection work?

- Forms a tough invisible shield over paintwork
- Prevents oxidation and dirt adhesion to topcoat
- Protects paint and alloys against abrasives such as acid rain, salt and road grit, car wash brushes and bird lime.

### How do I apply Suzuki Gen-3 paint protection?

- You don't need to – your dealer will do all the hard work for you
- Only one application required
- Better protected paintwork means less washing too
- Also includes an interior protection product.

### How can I get Suzuki Gen-3 paint protection on my car?

- Just contact your local Authorised Suzuki Dealer for a chat
- It's the only product of its type approved by us and is backed by a Suzuki 5 year, transferable warranty
- Aftercare packs available.

Colours, specifications, product content, features and benefits may vary without notice. All details correct at time of going online: September 2016. The Gen-3 treatments can also be applied to used cars. Speak to your local Authorised Suzuki Dealer to discuss the requirements for your car.
